Our experience and understanding of how choirs operate, our knowledge of choral music, and our appreciation of the dedication required by choral singers are the key reasons why our service sets us apart from general music suppliers and enormous internet companies.

The guiding principles on which we continue to grow and develop are:

Expertise

Choral music is our passion. Our team includes a former Cambridge choral scholar, local choirmaster and contemporary music specialist, all on hand to give advice over the phone or by email. We are happy to help with questions and provide advice and if we don't know the answers we will do our best to find out.

Trust

At Music Dynamics we conduct business with honesty and integrity and pledge to treat all our customers with fairness and respect.

Service

Our friendly team is committed to providing an excellent and efficient service.

We welcome customer feedback and keep all compliments, suggestions and ideas on file, to help us maintain and improve our service.

Our best wishes to all our customers from all of us at Music Dynamics.

ABOUT US

FOR SINGERS

Our recent emphasis has been to increase our ChoraLine SATB Voice-Part Rehearsal range to include the works of Gilbert & Sullivan and the wonderful new music of Karl Jenkins and Bob Chilcott. The whole ChoraLine repertoire is now available as MP3 downloads from our new website **www.choraline.com**

Our SATB Singing Sets are included in the catalogue for the first time. These have been created in response to requests from singers for a performance CD to complement their vocal score and ChoraLine rehearsal CD.

We have also increased our range of Performance CDs, and introduced CD Box Sets, Singers Music Bags, Tutor Books, Choir Folders, and Pronunciation CDs; all available on our website or over the phone on 01242 679379

FOR CHOIRS

Bulk Order Discounts

These are specific discounts given to choirs who wish to make a bulk order. Each discount is based on the volume and value of the items purchased. Bulk orders are, in most circumstances, orders of 5 to 500 vocal scores. The cost of post and packing is covered by us. An invoice is sent at the same time as the order, and payment is not required for a month, giving plenty of time to collect money from singers. Payment can be made by cheque, BACS or Card.

Choir Member Discount

This discount is available for singers to make their own purchases from items in this catalogue and on our website. To set up the discount, all we need is the name of the choir and a point of contact.

Please call 01242 679379 or email andrew@musicdynamics.co.uk

VOCAL SCORES

We stock over 1,000 vocal scores, encompassing the most popular works in the SATB choral repertoire, of which we can supply the major editions issued by the likes of Faber, Novello, Bärenreiter, Breitkopf & Hartel, Boosey & Hawkes, Edition Peters, Oxford University Press, and many more.

As well as our SATB choral range, we supply specialist items such as works from the early music repertoire, arrangements for upper and lower voices, and SATB transcriptions of show tunes and pop songs.

We also have an extensive range of special order items, a list of which can be downloaded as a PDF file from the website, and also offer a Score Sourcing Service if you are seeking ten or more scores.

The vocal scores shown on the following pages are listed on our website where you can find a description of each score, with useful information about editors and accompaniments.

Scores are available as a 'single' purchase, and discounts are provided for choirs who wish to make a bulk order. Each discount is based on the volume and value of the items being purchased. Bulk orders are, in most circumstances, for orders of 5 to 500 vocal scores.

CHOIR FOLDERS

We have three top quality Choir Folders:

- Maroon,
- Navy, and
- Black.

Made in durable polypropylene, our choir folders are lightweight and stiff so will not flop open with 10 retention cords (2 x 5), thick enough not to cut into the music pages and welded on the outside spine.

Smaller scores may be accommodated within the strong nylon pockets on both inside covers, unlike many choir folders, which have clear plastic pockets which stretch.

The spine is wide enough to house a Watkins Shaw Messiah score, one of the thickest; as well as Carmina Burana, one of the biggest. There is a pencil loop on the inside back cover and a closure stud on the front cover.

Style	Price	Order Ref
BLACK CHOIR FOLDER	£5.99	CF1
NAVY CHOIR FOLDER	£5.99	CF2
MAROON CHOIR FOLDER	£5.99	CF3

Please do call us on 01242 679379 if you wish to order choir folders in bulk for your choir or if you wish to have your choir logo printed on the front for orders of 25 and above.

TESTIMONIALS FROM CHORAL SINGERS

“A most helpful aid to choral singers who feel daunted by German texts.”

“I especially liked the help with the consonant ch, and the example of the English word ‘huge’ is a very good descriptor for this oft mistaken sound.”

“I like the pauses after each phrase so I can repeat it for practice. I can hear every sound clearly.”

“These instructions have been a revelation to me after years of being taught to sing German by English teachers!”

Example of Open and Closed Vowel Sounds from our Pronunciation Guide Booklets

	Closed	Open
German vowels, including the 'umlauts' (the two dots above a vowel) can be open , usually short when spoken;		<i>Gott</i> (God) <i>Mutter</i> (mother)
or closed , usually long when spoken.	<i>groß</i> (great) <i>gut</i> (good)	

Vowels are usually open (short) if they are followed by two or more consonants.

ChoraLine pronunciation books use IPA (International Phonetic Alphabet) symbols for all sounds.

Capital letters indicate open vowels, lower case letters closed ones.

For example:	o: <i>großer</i> (great)	O <i>Gott</i> (God)
	u: <i>gute</i> (good)	U <i>Mutter</i> (mother)

A colon after a closed vowel *e*, means it is pronounced long.
